

## **PART-TIME BUS MECHANIC FOR SOUTHEAST AREA TRANSIT DISTRICT**

The District is the region's public transportation provider with a strong public service ethic. We are looking for a dependable, safety-focused and hard-working individual who enjoys making a difference, a quick learner who can take the initiative and someone who enjoys being part of a small team that takes pride in their service to the community.

### **JOB DESCRIPTION/RESPONSIBILITIES:**

- Maintains SEAT's vehicles, including heavy-duty diesel buses and gasoline minibuses and support vehicles.
- Inspects, diagnoses and performs repairs on major components.
- Makes road calls and test drives vehicles.
- Occasionally maintains and repairs shop tools, equipment and facilities.
- Occasionally services and fuels vehicles.
- Completes work orders and other necessary documentation.
- Performs other related duties as assigned.

### **REQUIREMENTS/QUALIFICATIONS:**

- High School Diploma or GED
- Five Years' experience as a diesel mechanic or any comparable combination of education/experience.
- Proficient in use of electronic diagnostic tools.
- Requires analytical, problem-solving and organizational skills with ability to make independent decisions guided by a commitment to safety.
- Must provide his/her own personal hand tools.
- Ability to travel for training.
- Valid Class B Commercial Driver's License
- Ability to obtain Forklift Certification.
- Ability to obtain A/C 609 Certification and/or appropriate ASE certifications.

We offer competitive compensation and excellent benefits including, medical, dental, vision, life, disability, paid vacation and personal days, 457k and an EAP program.

Applications accepted until position is filled.
